  - WordPress
  - PHP
  - Javascript & jQuery
  - Flash/actionscript 3.0
  - Coding html emails
  - Illustration

Designing a site is like designing a building, you have to do it with function in mind. Aesthetics weigh equally. And it all has to be built on a solid foundation of code. With all of these things combined, you have a truly unique and dynamic field. For me it's easy to be passionate about web design.

//////////////////////////////////// //////////////////////////////////////  
**Experience**

02/2010 – Present  
**Interactive Designer // Ubiquity Group**  
Design and code websites, some with wordpress, contact forms, MailChimp, E-Newsletter signups, php shopping carts, mobile versions, touchscreens, both flash and html/javascript based.

07/2007 – 02/2010  
**Web Designer // MDC Holdings, Inc.**  
Design and code microsites, eblasts, and flash banners. General web maintenance for the National Marketing Department of Richmond American Homes, a subsidiary of M.D.C Holdings.

09/2003 – 06/2006 (2 years, 10 months)  
**Lead Production Designer // The Sports Authority**  
Started as a production artist, became a lead production artist, and finally a lead production designer. Created weekend inserts and managed graphic standards.

04/2002 - 07/2003 (1 year, 4 months)  
**Graphic Designer // Colorado State University - Student Center Marketing**  
Designed a wide variety of pieces, including logos, brochures, large signs, magazine ads and store fronts for the businesses in the Lory Student Center.

Ongoing  
**Freelance/Donated work**  
M Air Charter & Instruction, Red Hen Systems, Fear the Turtle, Oxyvital USA, Dr. Timothy D. Conwell, Harmony Health, Tomasini Construction, Brown Enterprises, SpeakEasy Tables, Degli Studenti a Muzzicone Art Show, Empty Bowls Fundraiser.

//////////////////////////////////// //////////////////////////////////////
